

Peace and Joy

Patrick Fitzgerald (2017)

V1 Christmas eve at the blue tattoo
Joy's the name that's on my arm
Now it's time to have joy removed
The pain is real it's how I feel
Pain's what I've been going through
It will soon be gone
Moving on, Moving on, Moving on

V2 Braids in my hair, got to add to my charm
I've got peace in my heart,
Now I've got peace on my arm
Peace is real
It's how I feel
Peace is what I'm going through
It will soon be everywhere Bring it on,
Bring it on, Bring it on

V3 Out on the sidewalk came an awful sound
Some punks stole his wallet and
Pushed him down to the ground
We go out to the street
Get him back on his feet
We're both gonna help him through
And there on our arms he sees
Peace and joy, Peace and joy, Peace and joy

B1 God bless you very gentle friends so glad you did not leave
You're kind to help a stranger this night on Christmas Eve
I thought the world had gone astray, you helped me to believe
That people still show peace and joy, peace and joy
That people still show peace and joy

B2 Instrumental solo over Bridge

V4 Rush back inside, hop back into the chair
It can only be complete by expanding what was already there
The season's real, It's what we feel
The season's what we're going through
There on both arms you'll find
Peace and joy, peace and joy, peace and joy
(What's so funny 'bout peace, love and understanding)
