

Saranac

(Starts with Instrumental Melody)

V1
Sitting on the cooler In the ice fishing shack
The winter gets cruel on Lake Saranac
Sitting here fishin
And I'm missing my girl by my knee
The wind starts a blowin, the sound's a little muffled
I see the lantern glowing and I hear the boots a shuffle
And through the icy crystals
She gives the secret whistle to me
She goes (whistle melody)
And I go (whistle melody)

V2
I brought the the thermos full of hot cocoa
She makes it firm with a sip of Frangelico
The ice will surely melt
As the two of us shelter the storm
The stars are iridescent On this christmas eve
It's the greatest present I ever did receive
While the world is sleeping
My Baby is keeping me warm
And she goes oooooohhh
And I go oooooohhh

V3
And now we get to gabbin, we're warmer and we're drier
Back up in the cabin as we snuggle by the fire
You know we both prefer it when the world passes us by
Ginger in the tea and stockings by the mantle
The angel on the tree, We're head to toe in flannel
With dreams of sugar plums
And she hums that sweet lullaby
She goes mmmmmmm
I go mmmmmmm

S Instrumental over verse

V4
Awakened from my slumber by the smell of coffee brewin'
I'd been dreamin of the summer when we can go canoein'
Our spot is so remote
As we float by the light of the moon
Singing as we paddle, the fishing line is trolling
The leaves begin to rattle and the fog is gently rolling
As sprinkles start to fall
Then we hear the call of the loon (Loon Melody Twice)
